QUICK & EASY!**

Hose & Tube Cutter™

A Square Cut Every Time!

PATENTED!

The Perfect Maintenance Tool... Essential For Every Tool Belt

Stop wasting time and material with jagged or angled cuts. The amazing new **Hose & Tube Cutter** puts precision accuracy in the palm of your hand.

- ◆ Better than a utility knife or razor...safer, too!
- ◆ Saves time cutting tubes and hoses!
- ◆ Special V-Block ensures a straight, clean cut every time!
- ◆ Will withstand autoclaving!
- ◆ Multiple cutting heads...two for the price of one!

Thousands Of Uses

From garden hose to hydraulic hose to laboratory tubing, the Hose & Tube Cutter cuts them all...

- ◆ Agricultural Spray Lines
- ◆ Air Conditioning
- ◆ Aircraft Industry
- ◆ Aquariums
- ◆ Auto Racing/Repair
- ◆ Beverage/Liquid Service
- ◆ Electricians
- ◆ Elevator Repair
- ◆ Fiber Optics
- ◆ Forensics
- ◆ Government Arsenals
- ◆ Greenhouses
- ◆ Hydraulic

- ◆ Laboratories
- ◆ Landscapers
- ◆ Liquid Recovery Systems
- ◆ Lubrication Lines
- ◆ Machine Manufacturers
- ◆ Marine Watercraft
- ◆ Medical Offices
- ◆ Metalworking
- ◆ Military
- ◆ Motorcycle Repair
- ◆ Paint Industry
- ◆ Robotics
- ◆ Sprinkler Systems
- ◆ Water Filtration

PRECISE ◆ CONVENIENT ◆ VERSATILE

So Strong It Even Cuts Kevlar!

- ◆ Cuts rubber, plastic, polyethylene, polyester and more
- ◆ Cuts reinforced braided fiberglass and synthetic fiber
- ◆ Cuts PVC, thermoplastic rubber tubing, nylon and more
- ◆ Cuts polyurethane jackets and coaxial cable
- ◆ Cuts convolute tubing/loom
- ◆ Cuts 1/4" to over 1.06" O.D.
- ◆ Even cuts Kevlar-lined hose

Multiple Cutting Heads on the Same Blade...2-4-1

To uncover a new cutting surface, simply remove the screws holding the blade and rotate to the new cutting edge. Replace cap and secure screws. Individual or multi-pack units of replacement blades available.

ISO 9001:2008

Keep Your Cutter Close At Hand!

Your cutter's always there when you need it with this optional fabric belt holster. The durable holster saves time and protects your cutter.
